FUTURIA

FUTURIA — Permanent Open Conference

Research Paper Template

Replace all bracketed prompts with your own content. This is a formatting template; submission or editorial approval does not imply independent academic peer review.

01 Paper title

[Precise, informative title]

02 Authors and affiliations

[Names, institutions, countries, professional email; identify corresponding author]

03 Abstract

[Briefly state the issue, objectives, approach, main findings or argument, and conclusion]

04 Keywords

[3–6 comma-separated keywords or phrases]

---

05 Introduction and background

[Context, relevant literature and significance]

06 Research problem and objectives

[Research question/problem and specific objectives]

07 Methodology

[Design, sources, sample/materials, procedures and analytical approach]

08 Results, analysis or discussion

[Evidence-based results and interpretation, including limitations; do not fabricate data]

---

09 Conclusions

[Conclusions supported by the evidence presented]

10 Recommendations and future work

[Actionable recommendations and possible next research steps]

11 References

[Use a consistent citation style; add DOI/URLs where available]

12 Ethics and rights declarations

[Disclose ethics approvals where relevant, conflicts of interest, funding, contributions and permissions; state “not applicable” where appropriate]

Note: Administrative publication approval is not equivalent to independent academic peer review.
